## SAMPLE HAPPY CLIENT ALERT

CLIENT: Howard Township  
CONTACT NAME: Brenda Moran  
PROJECT NUMBER: 6022.041  
PROJECT MANAGER: Jack Meadows

### CLIENT'S COMMENTS:

The contact was very impressed with the way the Project Manager and his team addressed the multiple issues resulting from the changes in scope. The scope changes called for several presentations to the Commissioners and the PM was superb in addressing residents' concerns. This project would not have moved forward if not for the professionalism of the PM and his team. Their presentations and demeanor instilled confidence and trust in the concept and got 100% approval from the Commissioners.
